IMMUNIZATION REQUIREMENTS FOR ENROLLMENT

The Hepatitis B and varicella (chicken pox) vaccination school entry requirement includes students entering kindergarten or first grade for the 2020-2021 school year. This requirement is based on KAR 28-1-20.

The Kansas Department of Health and Environment (KDHE) will be implementing this requirement for school entry in stages by adding one grade level per school year in order to phase in all children enrolled in Kansas schools for these additional vaccinations. This is in addition to the other vaccines required for all children enrolled in Kansas schools.

Additionally, all students who have not gotten their Td Booster (Tetanus/Diphtheria) they cannot attend until it is done and the district's nurse has documentation of it.

New students also are required to bring their state issued birth certificate (not the one given at the hospital) and/or their social Security card. If you have questions concerning health requirements for enrollment, please contact the USD 448 nurse.

A student must be five (5) years of age on or before August 31, 2017 to enroll in kindergarten and must be six years of age on or before August 31, 2020, to enroll in the first grade. If the child has completed kindergarten in a public school in another state the six-year age may not apply. A birth certificate, completed Kansas certification of immunization, and proof of identity (birth certificate) is required for students entering USD No. 448 for the first time.

All students under the age of nine enrolling in a Kansas school for the first time must present the results of a recent health assessment.
