- The following list contains information regarding many of the Inman local scholarships to be awarded this year. Inman is very fortunate to have Donors willing to continue to offer scholarships even during difficult economic times. The process of applying starts with students identifying the scholarship(s) they qualify for and then putting together an application form for each separate scholarship. All students are encouraged to apply for those scholarships they feel qualified for or know the donor(s). *****If a new scholarship is added after we start the process we will notify you in the quickest manner possible.***
- In an effort to simplify the process for students several donors use a ****Common Application** form that is streamlined to include two parts: 1) four applicant centered questions and 2) the students updated resume. ***Common Application scholarships are identified with **.***
- **Common Application Format:** the first page of the application should have the title of the scholarship you are applying for at the top (in bold and larger print – Times Roman --20 works well). Directly below the title the student should copy & paste each of the 4 questions followed by their answer in complete sentences and paragraph form. This process is repeated for each question. A typical application will average a paragraph or two for each question, but remember, the Scholarship Donor and/or committee may not know anything about you other than what they read. This fact alone should guide how much you write and the content of it. The last page of the application should have your one-page resume on it. Your resume should be complete with GPA, ACT, Class Rank, References, etc.. and it should be updated through seven semesters with all awards, honors, etc.. Please put a small picture of yourself on the resume for the donors to recognize. You might contact Mrs. Bloom if you need the Senior snapshot for the yearbook for this. A typical application will be around 3 pages in length.
- **If you are applying for any other local scholarships please follow the details and information as provided for each in this document or check the USD 448 Scholarship Website.** If the details are not clear to you please come ask me or email me at jpffannenstiel@usd448.com

Common Application Student Questions:

1. What accomplishments are you most proud of over your 4 years in high school?
2. What do you consider to be your strongest qualities and how have you used those to make an impact at Inman High School and in the community?
3. What are your future educational and career plans & goals?
4. In your own words, what makes you a good candidate for this scholarship? Please share anything else you would like to with the donor(s) that you have not included in the first three questions you answered.

Deadline for all scholarships is Friday, March 26th, 2021 unless otherwise stated!

- **Turn your finished paper applications into my office—it's best to personally hand them to me --- do not lay them on my desk.** Do not send me digital copies unless you have contacted me about the need to do this. Staple the pages together in the proper order, upper left corner. Make sure you proof your application before you turn it in to me or preferably have someone else proof it for you. Do not list references without first having asked them.
- **Notification of award winners is by personal mail through the High School Office or from the specific Scholarship Donor or committee.** These notifications are sent out as soon as a decision is made but is on the timeline of the Donor(s). Only Scholarship Award winners are notified.

****Inman High School along with the scholarship donors encourages all students to apply for as many scholarships as they meet the criteria for. Local scholarship winners are selected by the specific Donor(s) or their representative and in some cases a specific committee representing the donor(s). The Donor(s) have the option of choosing to give more scholarships away or even hold their scholarship(s) for the year if they need to.**
