

My name is Kimberly Herron, and I am excited about being the Principal of Inman Elementary School. Inman has been my home for 17 years and holds a sense of community, wellness, and drive for excellence that I hold essential in a working and learning environment. It is truly a privilege to serve the students, staff, families and community of Inman. My goal is to ensure students and staff have the opportunity of an exceptional learning experience where they believe in themselves and are given the opportunity to change their world, living today while learning for their tomorrow.
