

FOLEY INDUSTRIES

At Foley Equipment, we want to provide high school students with the opportunity to have a successful career as a Diesel Technician. Foley Equipment is an authorized CATERPILLAR dealer with 15 locations across Kansas and northwest Missouri.

We proudly partner with CATERPILLAR and select technical colleges to offer a paid internship program called ThinkBIG where high school graduates can:

- Earn an Associate of Science degree
- Receive hands-on training on CATERPILLAR equipment
- Participate in a 7-week paid internship each semester
- Receive \$14,000 worth of tooling (theirs to keep during and after the program)
- Receive a \$2,500 stipend each semester to help offset living expenses and school costs
- Gain full-time employment upon graduation
- Receive scholarships
- Receive tuition reimbursement

Additionally, we work with colleges and technical programs across the state to develop internship opportunities and programs for diesel technicians. Please view our complete list of technician internship programs and opportunities at careers.foleyeq.com/early-career.

To learn more about a career as a Diesel Technician at Foley Equipment, scan this QR code with your phone or visit: <https://careers.foleyeq.com/early-career/>
